

## **REMARKS**

Reconsideration of the above identified patent application is hereby respectfully requested in view of the foregoing amendments and following remarks.

Considerable effort has been made to present the original numbering and the current status of all claims pursuant to the Examiner's request that is consistent with the filing of the Divisional Application, as described in the Notice of Non-Compliant Amendment. If there remains any discrepancy, it is entirely inadvertent.

If the Examiner should find any remaining discrepancy, the Examiner is respectfully requested to correct any remaining discrepancy in either the numbering of the claims or the indication of their status, as presented in this supplemental amendment, by Examiner's amendment in the next Office Action.

Claim 18 has also been amended to correct one error in antecedent basis. Claims 16-23 and 29 remain in the case.

Claims 1-19 were rejected under the doctrine of obviousness-type double patenting in the previous Office

Action over claims 1-18 of Patent 6,651,944. As there are only nine (9) remaining claims, it was believed that a typographical error occurred. It is also noted that the Detailed Action from the prior Office Action included a typographical error in the serial number, as the last three digits should be "241", not "124".

Three copies of the previously signed terminal disclaimer that was previously submitted with the last amendment are enclosed. Payment thereof occurred with the last amendment. Accordingly, the Double Patenting Rejection is believed to be overcome and reconsideration is respectfully requested of remaining claims 16-23 and 29.

As no other basis of rejection was cited, and as all remaining claims 16-23 and 29 appear to be in condition of allowance, reconsideration thereof is respectfully requested, and a notice of allowance is courteously urged at the earliest time.

The applicant appreciates the opportunity to communicate by telephone with the Examiner, if necessary. Please continue to direct all correspondence to the correspondence address and telephone as shown below.

Respectfully submitted,
